

PROVIDENCE ROCKY

VOL. 2 NO. 2 September 16-17, 1983 FREE - AT THE CABLE CAR CINEMA & CAFE

... AND ROLLING

The "ROCKY HORROR PICTURE SHOW" got off to a flying start at the Cable Car Cinema last weekend. An attempt was made to classify the type of audience that showed up the two nights, but no one category of people could be identified. A further attempt to possibly describe the audience in terms of major groups also could not be accomplished. Basically, what it came down to was that there were no two people alike at the show. Everyone was kind of different in their own sort of way. The important thing was that there were many people, some of them human beings. It appears as though "ROCKY" has found a good home here, based on the proximity to Brown, RISD, PC, and RIC. None of these schools are more than 5 miles away. But we also know that the audience was composed of people from many other places and planets too.

TRIP TO URI

The Providence RHPS Cast will attempt to make a trip to the University of Rhode Island next Thursday. "ROCKY" will be shown there for the first time since about a year and a half ago. When it came back then, the Newport RHPS performed there twice in one night. Some of us now were part of that cast then. This time, we will attempt to pull the feat off three times in one night! No promises yet though. But if we look a little tired next week, we hope you understand.

SUGGESTIONS ANYONE?

If anyone has any good ideas about how to have more fun at Rocky Horror, don't be afraid to forward them to the address of this paper or to tell one of the cast members. We do what we can do with what we've got, but if someone else can suggest any improvements for the show, say it! By the show, I do not limit it to the cast. The show is the movie, the cast, the audience, the newspaper, the hollering, and anything else that makes for fun. It can't hurt to share your ideas. As a matter of fact, if anyone has anything to say about anything or any other thing, go ahead and write it in to us. It can be a question about something you've always wondered about. Who knows. We are, for the most part, lonely and bored and would gobble up anything we got in the mail. And, this is a guarantee, all questions and requests for info will be responded to. Just think, you'll get attention paid to you for free! Can you dig it? Even if you want to say a bad thing, go ahead and let loose. But don't say something too too bad. Some of us are very hurttable.

JOKE

Q - What do you get when you divide Riff Raff by two?
A - Riff Haff.
