VOL. 2 NO. 8 October 28-30, 1983 FREE - AT THE CABLE CAR CINEMA & CAF

## HALLOWEEN AND ROCKY HORROR

If there is indeed any holiday that RHPS enthusiasts can relate to, it is Halloween. On this last day of October, people everywhere do for one night what we here do every weekend. It's as if people who go to the RHPS are normal or something. Cast members can walk the streets in their costume attire without getting pointed at. They can go into restaurants and order food without having to explain what the heck it is they are or where they come from. Audience members can wear the unorthodoxed makeup and costumes they ordinarily wear to the theatre to other places before they come to the show.

Yes, this is our holiday and it is a time to let the rest of the world know just who we are. As loyal Transylvanians, it is our time to take a stand. We must make it a point to go to all the Halloween parties we can dressed in our wardrops that originate from Rocky Horror. Let them see us! Let them all know that we are part, indeed a fixture, of their society. Make them accept our reality!

We are one of them.

### A WORD FROM THE LIPS by Ray Prew

### THREE NIGHTS!

PR: Well Lips, in the beginning you sing about movies. What was your favorite?  
Lips: Deepthroat. My cousin was in it.  
PR: Linda Lovelace?  
Lips: No, the throat.  
PR: I see, we'll have to look that one up. Do you feel that your part in RHPS is small?  
Lips: Without me, there is no movie. I mean, if not for me, what would people yell 5 minutes before the movie starts?  
PR: What was the biggest influence in your life?  
Lips: In my childhood, people use to say that I was all mouth.  
PR: Hey Lips! You can't leave yet. We're not finished. Where are you going?  
Lips: I'm gonna go to the late night double feature picture show.  
PR: Goodbye lips.

In an unprecedented for the RHPS in the state of Rhode Island, the RHPS will be shown 3 nights this weekend (F-Sat-Sun), all still at midnight.

### COSTUME CONTEST

There will be a Halloween costume contest at McDonald's on Thayer Street. Among the prizes will be free tickets to see the RHPS at the Cable Car. Goforit!

### BURNING

The biggest man in RHPS history, affectionately known as "MEGAMAN," (and unaffectionately known as something less) will be burned in effigy after the show Saturday at a site to be determined. If you would like to take part in honoring this man for all he has done, meet with the cast after the show.
