

SCHOOL OR ROCKY HORROR? WORDS TO THE MUSIC

We have come to that time of year where a decision has to be made - School or the Rocky Horror Picture Show. Fortunately, some of us no longer have to make such a choice. But, to those of you who do, make sure to consider a few things before making the so-called "sensible" decision.

First of all, why the conflict? Do any of you have classes at midnight? On a Friday or Saturday night? Do any of you actually plan to study at that time?

Secondly, what is more fun? You'd rather study? How will you feel studying when you know everyone else will be at the show. Suppose something happens at the show. You will hear about it and wish you were there.

Come on! Forget about school. The heck with it. Just come to the show and have a good time. What's really more important? If you really want, bring your books to the show and study during the Criminologist scenes. Ther're boring anyway.

From this corner, there's no choice. It's clear - ROCKY HORROR over school any day!!!

SUGGESTION BOX

Suggestion: I feel that the cast and friends should take a trip to NYC and see Rocky there.

Responce: About 5 or 6 cast members have seen the show at the 8th Street Playhouse in New York. With the exception of 1, most were not impressed by the show that was put on by the cast. One cast member reported that they simply didn't do all the major scenes. They do apparently present a good pre-show. And, very importantly, the audiences there are extreemly enthusiastic. Many people go dressed as characters even though they are not in the cast. Every place is different and they stress different parts of the show more than others. If you want to get a wider flavor of different shows without going too far, try Harvard Square in Boston or the UA Theatre in Groton, Connecticut. RR

Science Fiction Double Feature

Micheal Rennie was ill
The day the earth stood still,
But he told us where we stand.
And Flash Gordon was there
In silver underwear,
Claude Rains was the invisible man.
Then something went wrong
For Fay Wray and King Kong,
They got caught in a celluloid jam.
Then at a deadly pace
It came from outer space,
And this is how the message ran:

Science Fiction Double Feature

Dr. X will build a creature.
See androids fighting Brad and Janet.
Anne Francis stars in Forbidden Planet.

Oh, oh, ah-oh,
At the late night double feature
picture show.

I knew Leo G. Carrol
Was over a barrel
When tarantula took to the hills.
And I really got hot
When I saw Jeanette Scott
Fight a Triffid that spits poison and kills.
Dana Andrews said prunes
Gave him the runes,
And passing them used lots of skills.
And when worlds collide
Said George Pal to his bride,
I'm gonna give you some terrible thrills.
