

Suggestions Heat Up

The Suggestion Box, for those of you who didn't know it, is located near the name board in the lobby. Response to the Box by people has picked up significantly the last few weeks.

All are invited to drop in their comments. Here are more:

"Better top for Columbia "Shake em Out" IH

R: What are you trying to do, start trouble?

"Play Tommy Shaw's 'What If' before the film begins! DF

R: You play it. Better yet, sing it, about 4 rows from the back wall during the rain scenes.

"If the volume of the movie were a little bit louder it would be easier for the virgins to hear when the regulars get kind of noisy."

R: Fair point, and we'll speak to the manager about it. But, not too much louder, cause we want to make sure to hear some of the excellent lines the audience rings out each week.

"Hey Bud, I said 'MORE NAKED WOMEN'."

R: Be a hero and go undress one.

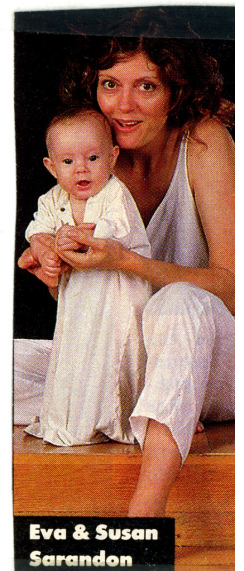

"Have another party."

R: Another party? When was the first one? Unless you mean Halloween. While the show is really a party every week anyway, just make sure to attend Anniversary Weekend (April 25-26).

KEEP THOSE SUGGESTIONS COMING!!! And you keep coming t RR

How YOU Can Help

There are many ways you can help this paper, some of them easy. If you see articles about anything to do with Rocky Horror or anything to do with the actors, forward it to me or the theatre managers. If you hear about actors being on TV, let me know ahead of time. For those of you so ambitious, you can write and type an article (What do you mean "About what?" - about anything to do with RHPS, your feelings, you experiences, ect...) to be put in the paper. Come on. My cat does more for this paper than you do! RR

Eva & Susan Sarandon
