HBO HAS a pair of seasonal specials in the works. Jim Henson has created a totally new cast of Muppet characters for *The Tale of the Picnic Bunny* airing late this month. And Diana Rigg, Tim Curry, Charlotte Rae and young Fairuza Balk (Dorothy in *Disney's Return to Oz*) will star in *The Worst Witch*. The later is a one-hour Halloween entry.

Audience Demographics

The following statistics are from an audience survey that was taken in November. We'll be revealing more survey results as Anniversary Month continues to unfold.

The range of people surveyed was from 13 to 46 years, with the average age being 20.6.

Age by sex: The most common male age (mode) is 19 and the average male age is 21.4 (the average is higher than the mode because a few people are a lot older than the common age). The most common female age is 18 and the average is 19.6.

Age groups as a Percent of Population:

Age group	% in Group	
≤ 15	13%	
16-20	55%	80% of the
21-25	15%	females
26-30	10%	were in the
> 30	7%	first 3 age
		groups,
		whereas the male ages
		were more spread out.

Frank N. Furter received the most votes for favorite character (big surprize) with 37% of the votes. 26% of the audience had no favorites. The other favorite characters, in descending order, are:

Riff	11%	Columbia	3%
Magenta	7%	Brad	3%
Eddy	6%	Rocky	3%
Janet	4%		

Apparently, nobody likes Dr. Scott or the Criminologist.
