

CONNECTICUT CAST FRIDAY

SHOW PICTURE HORROR ROCKY

The Groton, Connecticut Cast from the UA Theatre are visiting us Friday night. We thank them for coming up here to do the show. It's not often we receive visitors here, let alone offer them hospitality. But they had better be here to do the show, not use our phone!

Saturday may be a first in RHPS history as we will show 15 minutes of the movie backwards. That's right - Backwards! It'll also be upside down (the only way possible to get it to run backwards) and with backwards voice.

Those of you who have attended the show here for awhile may recognize some of their cast members. Charlie (Brad), Lyn (Magenta), and Tandy (Janet) use to be in our cast on Fridays. Others also have made spot appearances. Some members of our cast use to be in their cast too.

According to projectionist Paul Anderson, the RHPS is broken up into 6 reels. You'll see the 2nd reel backwards. The cast will attempt to do the show backwards, but don't expect perfection.

Lines of communication have been open between Groton and Rhode Island since 1982. Many cast members have gone back and forth over state lines. At times, some people were part of both casts at once.

It should be interesting to see the audience do the Time Warp in reverse. Pull in from the right then jump there. Watch Riff catch a broken bottle and reassemble it. See Brad & Janet get dressed. A cape jumps on Frank!

Lines of travel have also been open. Our cast from the Warwick Mall did the show in Groton in October in October, 1984. We look forward to returning there again in May or June.

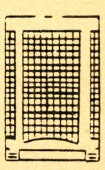

For those of you wanting to see the movie right-side up, bring a small mirror and look down into the reflection of the movie.

Groton may not be quite as close as Boston as the crow flies, but it is the closest RHPS to us time-wise. If you want to take in their show some night (cast on Saturdays), grab 295 South to 95 South. Go awhile and then get off exit 88. Take a left at the end of the exit. Follow the road to it's end, then go right. About a mile down, the UA Theatre is on your left in a shopping plaza. Easy.
