## HOT PATOTIE! - GET UP AND DANCE : AGAIN.

Ever since the RHPS became a cult movie, audiences accross the world have risen to take a jump to the left and a step to the right during the TIME WARP. And it has been good. But how about going 1 step further? How about getting up again for HOT PATOTIE, the song Eddy sings after breaking out of deep freeze.

Unlike the Time Warp, which is a structured dance with specific moves and steps (and jumps), Hot Patotie gives the audience to dance just about anyway they want. You may all form a kick line, like in the movie, or break into your own singles or couples dancing. Just remember to jump out of Eddy's way as he comes barreling up the isle and you'll be safe! RR
