## ROCKY HORROR the untold story

Deep in the underground complex of the government agency known as R.O.S.S.I. (Retailers Of Super Secret Information), the top man assigns his two best agents to investigate reports of extraterrestrials in Denton, Ohio, Brad Majors and Dr. Everette V. Scott of the Bureau of Investigation of UFO's. The two agree to meet at a castle which has been spotted near Denton. Dr. Scott sends in his nephew under the guise of a delivery boy to gain information.

Attending the wedding of two friends, one friend suggests to Brad that he and Janet should get married. Brad thinks about this a minute and decides that this would be the perfect cover to infiltrate the castle. Brad leads his unsuspecting bride to be into believing that they are going to visit their old teacher (Dr. Scott) and they begin their journey.

In the middle of a violent rain storm they go past several motorcyclists which appear to have come down a dead-end road. This confuses Janet but leads Brad to believe he is on the right track. Meanwhile, Dr. Scott gets a message written in blood from his nephew (Eddie) warning him of evil deeds.

Brad and Janet arrive at the castle, but make the butler suspicious when he notices that the pair are "wet." After they gain entrance to the castle they meet and win the confidence of the apparent leader of the castle, Dr. Frank N. Furter. Brad pretends to be annoyed at Frank's antics, but plays along with the situation "until the time is right" in order to gain more information. Frank takes them to the lab where they witness an event not possible under our knowledge of science.

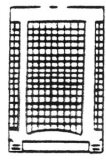

After a harrowing night in which Brad makes the biggest sacrifice of his career for his country, he is re-united with Dr. Scott. Frank, however, becomes very suspicious of what's going on.

Discovering the death of Dr. Scott's nephew and falling the victims of Frank's mind-control device, Brad, Janet, and Dr. Scott are rescued by the Butler. Riff Raff turns against Frank after becoming appalled at the extremes of Frank's lifestyle. Brad, Janet, and Dr. Scott escape the house as it disappears in a transport beam.

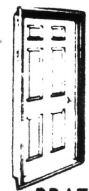

The R.O.S.S.I. sold this information to a man with no neck for an undisclosed sum. It is presented to you for only \$3.50 at the CTC every Friday & Saturday night at midnight.
