

Beat G.C.!

Before the Meadowbrook, there was Cumberland Twin Cinemas. A lot of you know that. But what was before CTC?

The year was 1984 when Rocky Horror first ever rolled into this city of Warwick. The place - General Cinemas. That's right - GENERAL Cinemas of the Warwick Mall. The show started in February that year and ended in October. 35 weeks.

For those of you astute enough to notice, the week number here at the Meadowbrook is reflected in the issue number of RIR. We're up to #34. Next week, we tie the all-time Warwick record. AND THEN ... and then ... the week after, we will BRFK that legendary number.

On the Saturday of week # 36, we will have an all-GC cast-people who were doing the show back then at the GC.

In this paper, you will also be told of the way things were back then.

Be here in two weeks to join us in the show that has to be called the "Breaking!"
