

This Sunday, May 22nd, is the day to find your way to Kennedy Plaza, downtown Providence.

The very cast you see before you tonight will be "performing" in WHJY's first annual Louie, Louie for Leukemia Parade.

In case you've been under a rock, the Louie, Louie parade is any group of people who think they can play or sing The Kingsmen's "Louie Louie". The Parade's Grand Louies are 94 HJY's Carolyn Fox and Rudy Cheeks. (So is Mayor Paolino, but we're not too much excited about him.) The Grand Louies will judge the groups from a reviewing stand in front of some church, awarding \$500.94 to the best and worst groups. We're certainly not the best, but maybe....

Anyone who would like to donate to the Leukemia Society of America can see Sheilarae (playing Janet) Saturday before or after the show. Actually, where money is concerned, you can even bother her in the middle of the show.

Saturday's preshow will be the world premier of the Rhode Island RHPS Cast version of "Louie, Louie". And to enhance your listening pleasure, may we present the fabled lyrics of "Louie, Louie".

**LOUIE, LOUIE -- The Kingsmen**

Louie, Louie  
Oh, no, baby, we gotta go  
Ya ya ya ya baby  
Louie, Louie  
Oh, baby, baby, we gotta go

To find a little girl to wait for me  
Catch a ship across the sea  
To sail that ship, ah, all alone  
Never think how I'll make it home

Loui, Louie  
Oh, no, no, no, baby we gotta go  
Oh, no, baby  
Louie, Louie  
Oh, baby, baby, we gotta go

Three nights and days I sail the sea  
Think of girl, oh, constantly  
While on that ship I dream she there  
I smell the rose, ah, in her hair

Louie, Louie  
Oh, no, baby, we gotta go  
Ya ya ya ya  
Louie, Louie  
Oh, baby, baby we gotta go

OK let's give it to 'em right now!  
\*Guitar\*

See Jamaican, ah, moon above  
It won't be long, me see me love  
Me take her in my arms again  
And tell her I'll never leave again

Oh, Louie, Louie  
Oh, no, baby, we gotta go  
Ya ya ya ya  
Louie, Louie,  
Oh, baby, baby we gotta go

I said, we gotta go now  
Let's go on outta here  
Let's go!
