Next Week -

Boston Cast

Next week we have a special treat for you as the Meadowbrook Cinema will present to you a totally different cast from the ones you are use to. We are tempted to say The Boston Cast will be appearing at the theatre, but actually it will be a

Boston cast. The group appearing will be comprised of some present Boston Cast members and of some ex-cast members from the Poston area. They will not only perform the show, but will also perform the preshow. If you are looking for something different to look at, you should make it a point to be here next Saturday night. "It's not often we receive visitors here, let alone entertain them!"

Coming up in 2 weeks will be the Meadowbrook's first TOGA night. It is possible that TOGA night may become TOGA Weekend if people doing the show Friday decide to also take part in this. We don't know as of this printing, but we should know by Saturday night. With TOGA night, the cast dress up in togas instead of their regular costumes to do the show. The audience is also encouraged to join in on the fun by dressing up in their own togas.

IT'S ALMOST HERE! On the 4th of July, the RI RHPS Cast will be marching in the Bristol 4th of July parade. Just this week, we have secured a 14 by 6 float.

If you can't make it to the parade, be sure to be watching ^{PR} on TV

PRIZES

Shall we frolic about the graveyard
In the pale autumn moonlight
let us play amongst the starry sky
I am a child of the night.
Day I hate.
Sunlight I hide.
Darkness I endure
Coming out when the moon is high
For me there is no cure.

CHILD OF THE NIGHT
by Magenta's 1/2 sister

To dance, to sing, to laugh
I am now a child of the night
Rompin' freely in the shadow
The dark is my domain.
I shall be your queen
And we shall forever reign.
