Fan Mail

You are about to read two letters submitted to the Rhode Island RHPS cast. The first one is from a person who saw us perform at the 8th Street Playhouse in New York City on August 6. The second one is just plain stupid. Don't try to understand it because you may hurt yourself.

Letter-- Dear Sirs,

I am a big fan of Rocky Horror, although I've only seen it twice, and I was lucky enough to see you at the Eighth Street Playhouse on Saturday, August 6th. While I had only seen one cast before-the regular 8th St. cast- I was impressed by your performance, and really enjoyed it. I particularly liked the space costumes worn by Riff Raff(Mike Frongillo) and Magenta(Candace Betz) in the final scene, and I liked the way you handled the Criminologist throughout the performance. I am interested in acquiring shirts and soundtracks of the movie, and if you can help me track these down, I would appreciate it. Once again, I really enjoyed your show, and I wish you luck in the future.

Sincerely,
Michael Rathstein

Response--Well, I guess we did pretty good, huh? You Meadowbrook people should be proud of us. We work really hard to try to be the best cast in the whole Northeast, and we just might be already. The New York crowd and Sal Piro have probably never seen a cast like us before, ever! The guy who wrote this letter even thinks we can get rare merchandise for him! But we can't. We have to struggle to find stuff for ourselves. But thanks for the letter Mike.

Letter-- Dear Mike, Dave, Steve, Matt, etc.,

I will no longer be going to Rocky Horror at the Meadowbrook because it is not worth risking my life over. I tried to ride my bike to the show one night, but I never made it. I was hit by a car. Rocky Horror is a dangerous cult. (!?!?!?) I am lucky to be alive. Then it would be called a deadly cult. Don't look for me there anymore. I know you guys can offer me a fun night, to see sexy Dave and Steve running around in their underwear, but it is not worth it. No cult is worth my life. If you, my friends, would still like to hang out with me, you can do so. It just won't be at RHPS. Keep in touch.

Bye,
Linnie M. Upton

Respnsse-- I can't beleave it!!!! Oh my God, is this lady for real???? I mean, I'm glad she didn't get hurt bad and all, but, how the %\$#&% can she blame her careless bike riding on Rocky Horror?? And then she gives us her permisson to still "Hang Out" with her if we want to. As far as I know, none of us ever did "Hang Out" with her!! I can't beleave she even had the balls to write that letter. God, I hate stupid people. "A DEADLY CULT"..... HA!!!!
