

VOL. 3 NO. 53 September 23-24, 1988 FREE MEADOWBROOK CINEMA

## HAPPY ANNIVERSARY MEADOWBROOK!!!

One year ago on a weekend, the Meadowbrook began a run of the RHPS that has carried on to this weekend. The MBC is only the 3<sup>rd</sup> theatre in RI to show Rocky this long. A very supportive audience, an extremely co-operative owner, a spacious and comfortable theatre, and a continually improving show and pre-show by the cast have made the stay at MBC very enjoyable and successful. It also keeps us hoping the show stays right here, indefinitely! Those of you who have only recently associated with Rocky Horror may not realize the significance of the above-mentioned elements, but quality goes down when any of them is missing. RR

### That BIG Announcement

"You said there was going to be some BIG announcement. WHAT big announcement?"

Yes, I DID say there was going to be a big announcement affecting the audience. You're all kicked out! No, just kidding, ho. Actually, the big announcement isss... the cast has decided to buy and set up our own independent sound system to be used for ROCKY! You got it. Once we get it installed, we'll be able to blast that sucker!

A majority of the cast feels this will significantly improve the opening atmosphere for the audience. It also should

have a big impact on our pre shows. You'll be able to HEAR the words. It'll be louder than the loudest of you (that's NOT a challenge)

How are we going to pay for it? Well, we are hoping for help, quite frankly, from you. The promise is, though, that not one penny will be collected UNTIL the system is installed, i.e., YOU can hear it. Then, and only then, will the ole' voluntary can go around - when the product is delivered! RR

### Prizes

The first 5 people who buy a ticket Saturday Night for Rocky will receive a free copy of the SHOCK TREATMENT (Sequel to Rocky Horror) Sound Track album. The next 10 (possibly more) will receive free cake, courtesy of Mike Frongillo's mother! "LET THEM EAT CAKE"! RR

### Double Cast Night
