Do you ever get sick of anything?

- Roy's complaining of the temperature. I'd give anything to be warm.
- I'm sick of the regulars & cast people (some, not all) who think they own the place just because they come here a lot; and also those same people who think they are magically transformed into employees around Rocky time. Wake up, guys, you do not have the right to throw the people out or enforce rules. Only management does.
- I'm sick of ___ flirting with 15 year olds... and still not succeeding. I'm sick of people smoking in the lobby ... chew gum! or fken leave! ... I end up smelling like a sewer.
- Sometimes the WHOLE show. I really want to see more ENTHUSIAM from the actors - REALLY getting into it.
- People smoking cigarettes in lobby. Look at yourself in the mirror and see how juvenile you look. You don't know it, but you stink too.
- The same old cast movements and positions. Find something new.
- 5 people responded "No." or put an "x" or a line under question.
- Sick of the same old lines.
- Empty theatres.
- The heat & humidity.
- Trying.
- The stupid song about the light.
- Screaming.
- When Rocky is created. Drop it!
- No, never.
- ___ dumb preshow.
- ___
- Sick of long drive.
- Not Lizz.
- This theatre.

- Handcuff's and ceiling fans (with Donovan).
- Cast with no clothes (girls only).
- Let girl cast members do Frank more often.
- A different ending to the film.
- To see Roy Rossi blow up and kill someone.
- Nothing in the show excites me.
- Eric with no clothes.
