

VOL. 3 NO. 111 November 3-4, 1989 FREE MEADOWBROOK CINEMA

Behind, Ahead, & Now

This Saturday, only 4 weeks after having the first ever Virgin Cast Night at the Meadowbrook, we are going to have ANOTHER one! So quick? Well, yes. But, this is all part of the RI RHPS Cast committment to build this cast up to a point, at least in quantity, where it has never been before. And Saturday is to be another step in that direction. What is ahead of us with such a large quanity of cast members? Let's hope that out of the quantity the quality will grow.

Before we do move ahead, I'd like to say a few things to the different people, cast & audience, and then move forth. To the new people who have joined us recently, we are very glad to have you aboard. We need new people because it gets stale without you. It's exciting always to see new faces. And we look to you for the future of the show in RI. To the people who have come back after a long time away, it's great to have you back. It's exciting to see old friends again. To those who have been gone a short time and returned to action recently, you should know that we are glad you decided to stay. Finally, to those who have been consistantly here for the past year, I'd like to say thank you very much for your persistance. We have suffered the loss of some very good cast members the past year. It would be lying to say the talent level was consistant as some members dropped away. Let's be honest, we've gone through some thin periods by our standards. Yet some of you stuck in there anyway, even when things wern't as exciting.

What you are going to be seeing now are new people being influxed into the cast on a gradual basis. This will take some sacrifice from the regulars, but it's going to give us much more flexibility. The recent cast and the future of the RI RHPS Cast looks very exciting. With older cast members getting more experienced, and newer cast members coming along, let's look forward to a new peak in our adventures.

Saturday Night Concert: AUTHORITY

Get here early Saturday for a LIVE concert put on by AUTHORITY, including former RI RHPS Cast member Tommy Jeanotte. Like the RI RHPS Cast, they won an award in the Louie Louie parade. Theirs was "Loudest Band." They won't be playing "Louie Louie," (I hope), but you will enjoy their strong renditions of many well known rock titles.
